Communists In Full Control Of Shanghai Today

Shattered Nationalists Armies Appear Hopelessly Trapped Near Great City

REDS NOW HAVE UNWIELDY PRIZE

By STANLEY ALBERTO
(I. N. S. Staff Correspondent) SHANGHAI, May 27. The Red Star of Communism waved over all Shanghai

today, and shattered Nationalist armies appeared hopelessly trapped between Asia's greatest city, and Woosung, ten miles north.

Nationalist units which fought a partially successful delaying action in the heart of Shangai yesterday surrendered, turning all the port city over to the Chinese communists. At Woosung—which reportedly has fallen to the communists— some 20,000 government troops

were said to have escaped into the lower Yangtze aboard small craft in a Dunkirk-like operation. (Vice-Admiral Oscar C. commander of the U. S. West Pa-cific fleet, said that all foreign naval forces have left Woosung and moved to the mouth of the Yangtze. Badger said several American vessels are remaining in the mouth of the Yangtze to aid U. S. nationals if necessary.

To Evacuate Americans (He added that an air-sea evacuation of Americans in southwest China is ready to get under way from Hong Kong.)

Reports from Woosung were indefinite as to the exact number of government soldiers who have surrendered or are on the verge of giving up. An estimated 50,000 at the Woosung fortress were re-ported to have already surrend-

But some informants said that a total of 150,000 Nationalists are now caught in a 100-square mile area between Shanghai and Woosung. With the surrender of small Nationalist forces along the Soochow creek in Shanghai, city of 6,000,000 fell into the

Lewis Presents Four Demands At Coal Parley

By PHILIPS J. PECK

BLUEFIELD, W. Va., May 26 .-John L. Lewis said Wednesday he agreed to bargain with the South-ern Coal Producers association on a new 1949 soft coal wage contract in order to avoid "legal sanctions of the infamous Taft-Hartley law."

The United Mine Workers president opened the negotiating con-ference in Bluefield with the Southern Coal Producers association with a scathing denunciation

of the labor statute.

Lewis also criticized Joseph E.

Moody, president of the Southern
association, for invoking the law a year ago to obtain an injunction to force the union to deal with

the SCPA. He said:

We attended this conference
seause if we didn't we would
have legal sanctions imposed upon

"We want to protect our legal rights and avoid the pains of vio-lating the law if it is invoked again by Mr. Moody."

Demands Are Made

The negotiating session got un-

der way in a friendly atmosphere but it was quickly dispelled by the UMW president.

Laurence E. Tierney Jr., Bluefield operator, was elected chairman of the joint bargaining parley, and George Titler, of Bluefield, head of UMW District 29, was chosen secretary.

The meeting then proceeded to select rules and credentials committees. After that was done,
Lewis rose to his feet and posed
a series of demands. He said the
UMW wanted to know:

(1) What companies have given
bargaining authority to the SCPA.

(2) The tonnage of these com-

(3) What companies have withdrawn from the bargaining par-(4) What the by-laws of the SCPA provide as to approval of any contract negotiated by the association's board of directors.

Did you buy a symbol for hope today, And pin it on your coat in memory Of American men who marched away At the call of their homeland's needful cry And returned to lie on a bed of pain?

Did you buy a bit of their sacrifice-A blood-red flower to wear on your heart? Did you shed a tear at the terrible price They paid to hold aloft the flaming dart That saved your peace, and gave them only war?

Fund Cutting Leadership

(By Holmes Alexander)

WASHINGTON, D. C., May 27 .- Economizers in Congress haven't pushed the right button yet, but they may do so if they keep on trying.

One reason to feel hopeful about eventual fund-slashing is the number of new hands searching for the button. With all due respect to the Old Guardsmen of both parties, their days of influence are waning. Senator Byrd of Virginia, for instance, has been saying the same thing for so long that familiarity with his tune now breeds boredom. This might be otherwise if Byrd took an active part in other matters before the Senate. But the feeling is that he has made such a specialty of crying "too much" that he knows the price of everything

Other Old Guardsmen have broader interests and more diverse activities than Byrd, but their opinions on big spending are too well known to get the attention and respect which they may deserve. It does not empty the cloakrooms when Senators Tydings of Maryland or Taft of Ohio take the floor against government extravagance. The same goes, of course, for men with fixed opinions on the other side. Hide-bound Tru Dealers will always vote for Administration figures. This is expected and hardly noticeable.

Fund-Cutting Leadership

But leadership on fund-cutting has lately been asserted by two modern-minded Democrats who may be expected to build up a following of converts from both parties. Senator Douglas of Illinois and Rep. Sutton of Tennessee, both combat veterans of World War II and both freshmen in Congress, have been hitting at the soft underbelly of bureaucracy-burying both fists in the spare tires of blubber which encircle the midriff of every Federal agency in Washington.

Senator Douglas, a University of Chicago professor, began his political career 10 years ago as an alderman in that city when he tangled almost daily with Jacob (Jack) Arvey, then defender of Mayor Kelly's pork-laden budget. Douglas fought so knowingly and well that Arvey, now boss of Chicago, began to see the light. As Douglas keeps counding it when his liberal and the country is the country of the country o pounding it upon his liberal colleagues of the Senate, the only way be humane on welfare matters is to be everlastingly thrifty with public funds from whence this welfare springs. Douglas holds out against any ruthless firing of Federal job-holders. But he has figures to show that payrolls can be materially reduced by not replacing those who die in office or retire for other causes. There is no sensible objection to this plan. Nobody gets hurt, least of all the government agencies where there are two-men-and-a-boy on every man-sized job. If the economizers of both parties would settle for the Douglas plan, the right button could be pushed for the electrocution of much waste.

Found Himself Famous

As for Rep. Sutton, he pulled a revision of the Byronic epigram last week when he went to bed and found himself famous. At a late been given official recognition by the Democratic leadership: this session of Congress is go things. if any, will be meted out. While we shall hear a great many charges comes when it must be stretched successful leadership in fund-cutting, it would appear, almost has to come from personalities who are fairly new in national politics. Those who have been around too long not only begin to repeat themselves, but they take on obligations and acquire "pasts" which do not become reformers. Senator Douglas, for example, happens to be junior to the floor-leader of the Upper Chamber. When Illinois jobs are given out, Douglas has little more than an honorary say-so. By way of contrast there is another Senator, who during the war, bought his household groceries at a large knock-down from an army base PX. The military heroes who allowed him to do this are now on his door-step whenever a Defense Department project comes up. CHRIST METHODIST CHURCH

REV. F. P. SULMONETTI

Christ Methodist church, South Mill street, formerly known as the Italian Methodist church, will celebrate 45 years as a Gospel witness among the Protestant Italian citizens of this community beginning Sunday, May 29, and continuing through Sunday, June 5.

After being located in several places about the city, the site at the corner of South Mill and Phillips was chosen for the erection of a fine church with an eightroom parsonage adjoining it. The cornerstone was laid in 1915 while the church proper was dedicated April 14, 1918.

Among the many members and converts of the little mission church have gone out preachers of the Gospel both in America and Italy. One young convert is a deaconess, several have served as missionaries, while two others are wives of pastors. Many leading prominent professional and business families comprise the membership of the church.

Christ Methodist church, in all its activities has had a far reaching effect in the lives of not only residents of the South Side but all through the city and other dis-tricts. In its many and diversified services to the community it has been a force of righteousness every day in the year when some sort of Gospel meeting has been held in the church or a home connected

HARRISBURG, May 27 .- (INS) -Legislation increasing teachers salaries and retirement benefits by approximately \$9,000,000 today had the approval of Gov. James H.

The teachers pay and retirement legislation was among 14 measures signed into law last night by the chief executive.

Under one new act, minimum salaries for starting teachers will be boosted from \$1950 to \$2000 a year, while automatic annual pay increments will be increased from \$150 to \$200. The act becomes ef fective July 1.

In addition, the measure pro vides \$1000 annual pay boosts for county superintendents and grants proportionate increases to district superintendents.

The measure will not affect pay schedules in the Philadelphia and Pittsburgh school districts which already pay salaries higher than those mandated by the legislature. Retirement benefits will be increased to a flat \$100 per month. effective September 1, for teachers retiring at the age of 62 with 40 years of service. Teachers retiring with less than 40 years service will receive benefits scaled

Announced That The Airlift Has Resumed Job Of Provisioning Berlin

BERLIN, May 27.—(INS)—Brig. Gen. Frank Howley, U. S. commander in Berlin, accused the Russians Thursday of "barefaced welching" on the lifting of the blockade.

He announced that as a result of new Soviet rail restrictions the allied airlift has resumed the job "virtually complete" provisioning of the western sectors of the

Earlier, a U.S. military train, stranded overnight in the out-skirts of Berlin by alleged Soviet "blockade" tactics which piled up almost 30 all.ed trains, arrived in the West Berlin Wannsee station.

NEW YORK, May 27-(INS)-A recapitulation showed today that the New York Yankees, Boston Red Sox and Brooklyn Dodgers in 1926. made the best records in the intersectional cycle which was concluded last night.

The Yankess had only five cracks at the western teams on their home lot, but played .800 ball, winning four out of five. The Red Sox, winning seven and losing two, climbed from seventh place to third. The Athletics were almost as good, winning six and losing two.

team only won two out of nine

In the National League where the eastern clubs were on the road, Brooklyn was a standout. The Dodgers won seven out of nine and now are only one game out of first place.

Leading pennant rivals in the Arerican League race also will have at each other tonight when the Yankees clash with the A's, with something of the same situation prevailing. Philadelphia, in second place 3½ games behind the Yanks, is the only team which boasts an edge over the New Yorkers on this season's play.

The Red Sox strengthened their hold on third place yesterday by nosing out the St. Louis Browns 7

Washington's Mickey Haefner won his own game against Cleveland, 5 to 4, with a double which knocked Gene Bearden out of the box in the night game.

The St. Louis Cardinals, who always did like to play under the are lights, lived up to their rep as the owls of the diamond by walloping Pittsburgh 13 to 6. The Pirates gave Red Munger his lumps in the first inning with a four-run rally which included a three-run homer by Ralph Kiner, but the Cards came back in their half of the frame, chased Kirby Higbe and scored seven runs, enough to win. Other teams were idle.

THE 1951 renewal of the famed Hambletonian trotting classic will be worth an all-time record \$75,000 or more, with the initial nominating fee paid on 462 colts and fillies, June Van Gundy, secretary of the

Hambletonian Society said today.

The list of entries itself is another all-time record for the trotting classic held annually at Goshen, N. Y. It is 97 more than were originally nominated for the 24th renewal of the event to be raced Aug. 19.

This year's Hambletonian will be worth an estimated \$65,000, next year's approximately \$70,000 and the 1951 race, \$75,000 or more, topping by \$2,500 the former record high purse of \$73,451, for the Inaugural in 1926.

The largest number of entries for the 1951 race was made by Han-over Shoe Farms of Hanover, Pa., which nominated 85. There seems to be some confusion among sportsmen as to when fish are being stocked in county streams. Several days ago President Herman Steinbrink of the LCSA reported brown trout were to be stocked at Elliotts Mills, Slippery Rock creek. All this Restic guy did was to pitch a steady 10-hitter for the "Vandies," hit a home run with the bases full in the second inning, a single in the fifth, a double in the sixth and a double in the eighth, to drive in five runs.

Parade Of Pitchers

The Nats manager Billy Mongiello called on four pitchers, but to no avail—Giardullo, Herb Churchill, Dick Janacone and Felix Bucchioni paraded in and out, in that order, they gave up 12 hits. Montgomery, the popular burgess, participated in his twentieth athletic banquet for the high school and apparently he gets better at each one.

Briefs remarks were heard from Al Russo, assistant baseball coach, Bob Glaspy, assistant football coach, Chandler McMillen, former principal now at Brentwood, Roy DeArment, secretary of the school board, John Verlotte, president of the Hillsville school board, Ralph Gardner, dean of Western Pennsylvania high school sportsmen, Nick Uram, team mate of Ciccone at New Castle High and assistant coach at Aliquippa, and John Brit-

Britton recalled that Bessemer fielded its first football team 26 Retort, Charles Stanley, Ray Genyears ago and that team won one game. This represents quite a contrast to the 1948 team that was undefeated in 10 starts and won tri-county honors as well as being a serious contender for the WPIAL Class B crown.

Fine Records There is probably not an another school in the area that can match the success of all of Bessemer's teams for the present school year. In addition to the brillian! record compiled by the football team, the cage squad finished in second place after a slow start and climaxed an undefeated second last night at Dean Park, with Kenhalf by downing the champions, ny Myers the winning hurler and Mt. Athletic awards were then presented to members of the various varsity teams.

Underclassmen who received a football letter are Philip De Arment, Thomas Newman, Thomas Shuluga, Jess Moore, Sam Tiratto, Francis Schaville, Phil Tiratto, and August Anderson,

Beautiful red and black lined jackets were presented to the senior lettermen on the squad Winners of the excellent awards were Joe Romano, James Amedure, Don Marangoni, Richard Romeo, Donald Retort, Charles Stanley Ray Gennaro, Richard Perott and Henry Pezzuolo.

Frank Cinque, senior, also ceived a jacket for being faithful at practice sessions during the past two seasons and for his loyalty

Basketball awards went to Henry Pezzuolo, Ray Gennarro, Charles Stanley, August Anderson, Robert
